Chester B. Runyan of the Windsor Trust
Company Claims He Gave Part of
Stolen Money to Mrs. Laura
M. Carter—She Denies It.

New York, July 6.—Chester B. Runyan, the defaulting teller of the Windsor Trust company, was arrested in New York yesterday afternoon and \$5410 of the money stolen from the bank was recovered.

Runyan was found in the apartment of Mrs. Laura M. Carter of 619 W. 144th street, where he had been since he walked out of the bank on Saturday with all the money in the teller's vault packed in his suit case.

Mrs. Carter reported at the 123th street police station that Runyan was in her flat. Five detectives at once accompanied Mrs. Carter to the house. She furnished them a key to the apartment and two of the detectives entered the room while the others remained outside.

As the detectives entered Runyan was standing in front of a chiffonier. He turned suddenly on the officers with a revolver in his hand. The detectives rushed at him telling him to throw up his hands. He thereupon dropped the revolver and calmly submitted to being handcuffed, saying that "the jig was up."

When asked where the money was he said that part of it was in the suit case and the rest was in a drawer of the chiffonier.

When the detectives had finished ransacking the flat Runyan was taken to the police station. Mrs. Carter and her negro maid, Mary Duncan, were also placed under arrest.

At the station Runyan admitted his identity. He said that he had been in the flat since Saturday morning at the efforts the police were making to locate him. He said that he had shaved off his moustache and was letting his beard grow as a disguise.

When questioned about the whereabouts of the balance of the money missing from the bank—the sum lost was said to be more than \$96,000—he stated that he had been speculating and had lost heavily and intimated that Mrs. Carter might know something about any money that was missing. Mrs. Carter indignantly denied that she had had any of the money and angrily told Runyan that she had betrayed him to the police because he had lied to her and had not given her money as he had promised.

Runyan stated that he had given Mrs. Carter \$15,000 of this she denied. He said he gave her \$5,000 on Monday and \$10,000 this morning. Mrs. Carter said that he gave her \$5,000 on Monday, but that she withdrew it from the bank this morning and returned it to him.

It also developed that Runyan gave Mrs. Carter a heavy gold bracelet and a diamond ring on Saturday evening. There were valued at \$1,000. The bracelet was on Mrs. Carter's wrist at the time of Runyan's arrest and is now in the possession of the police.

Fell Into Bad Hands.

George W. Young, a director of the trust company, as closeted with Runyan late last night. Later he made a statement in which he said that he had obtained a list from Runyan showing \$81,000. He added:

"I believe that had Runyan not fallen into bad hands he would have returned the money to the company before this time. He is naturally an honest man, and I think that he is suffering from a brain storm."

Mr. Young said further that Runyan had done everything in his power to straighten out matters at the bank.

THE PRICE WE PAY.

Life and Limb Endangered By Our
Modern Fourth of July.

Chicago, July 6.—The Tribune says thirty seven men, women and children are dead and 2,135 maimed, lacerated or burned as a result of Thursday's excess of patriotism in the United States. The roster of the dead is four more than last year's mortality. A year ago thirty three persons were dead on the morning after the Fourth.

Unfortunately the death roll will increase day by day and even the late days of August will witness additions to the Totentans, that grim aftermath of gunpowder wounds, claims its victims by scores and even by hundreds for weeks after the Fourth.

The figures show that this year, as last, the most of the casualties were due to carelessness in handling fire-crackers and other forms of "harmless explosives."

Victims of gunpowder this year standing second in number but show a marked increase from last year's figures.

The figures against the deadly toy pistol seems to be bearing fruit, as this year only 203 victims are reported as against 304 last year.

ATLANTIC BATTLESHIP
WILL CRUISE IN PACIFICDenial Show Lack of Team Work in
Administration—Long Ocean
Cruise Proposed For
Battleships.

Washington, D. C., July 6.—The most pleased man in Washington over the news that the President has finally consented to send a big fleet of American battleships to the Pacific is Admiral Dewey. The movement was not only unanimously recommended by the general board of the navy, of which the Admiral is president, but it was personally upon the administration by Dewey.

Just how far the statement that it is to be only a practice cruise will be accepted by the powers of the world remains to be seen.

Rear Admiral Robley D. Evans, commander-in-chief of the Atlantic fleet, who has been selected as the commander of the Pacific Armada, has already begun preparations for the voyage.

As near as can be gathered here it is proposed that the battleships shall start in the latter part of August or early in September, cruising down the coast of South America, through the Straits of Magellan and up to San Francisco.

There is a possibility that the route may yet be changed and that the fleet may go by way of the Suez Canal.

It is probable, should the first route be needed, that the ships will make frequent stops at South American ports, not only for the purpose of calling, but to pay friendly calls. It is not the intention to make the cruise a speed test and advantage will be taken of the opportunity to practice officers and men in squadron, division and fleet formations.

PAVING THE WAY
FOR HAYWOODPrisoner, It Is Expected, Will Take The
Stand Today or Monday.

Boise, Idaho, July 6.—When the Haywood trial was resumed yesterday there were few spectators in the big court room. This was due in large degree to the fact that Boise's Fourth of July celebration was still in progress and did not officially end until after the masquerade ball last night. The defense offered as the first witness of the day Marion W. Moore of McCabe, Ariz., a member of the executive board of the Western Federation of Miners.

As Mr. Moore took the stand Attorney Clarence Darrow announced that another member of the executive board, Frank Schmeizler, was killed in Denver night before last while boarding a train to come to Boise as a witness.

Haywood or Charles H. Moyer will be called to the stand today if present plans carry, and the climax of the defense will be reached. It is probable that Haywood will be the last upon the stand, and his examination and cross-examination should run well into the middle or latter part of next week.

When the defense closes there will come a fight from counsel for the state to have much of the testimony introduced to show a conspiracy on the part of the mine owners and Pinkerton detective agency against the Western Federation of Miners stricken out on the ground that it has not been connected in any way with any general mine owners' association. The defense will combat this with the testimony introduced to show a conspiracy on the part of the mine owners and Pinkerton detective agency against the Western Federation of Miners stricken out on the ground that it has not been connected in any way with any general mine owners' association. MAN PUSHES AUTO FROM
TRACK JUST IN TIMEHenry M. Seaman Saves Lives of Dr.
Robert Lount and Wife.

Minneapolis, L. I., July 6.—Crashing through the Long Island railroad gates at Main street here yesterday just as the Greenport express for Long Island City was approaching the crossing Dr. Robert Lount of 340 Fulton street, Hempstead, was in deadly peril for a time, and the fact that he escaped injury was due to the quick action and courage of Henry M. Seaman, a liveryman here.

Dr. Lount and his wife were making for the Jersey turnpike and Mrs. Lount was steering the machine. As the auto approached the crossing the gates were lowered. Mrs. Lount tried to apply the brake, but it failed to work, and the car smashed through the gates and ran out upon the tracks.

Seaman, who stands 6 feet 2 inches, rushed out on the track, and, pushing against the front of the machine, ran it back off the rails.

He had just got it clear of the track when the express flashed past.

BOY WAS CARELESS.

Frank Brough of Rutland Got Powder in
His Hand.

Rutland, July 6.—Frank Brough of Baxter street, aged about 13 years, was one of the victims of the Fourth of July celebration in this city. The palm of his right hand is somewhat lacerated as the result of the explosion of a 22-caliber blank cartridge, but unless complications develop it is expected that the wound will not cause permanent injury. The hand was dressed by Dr. C. W. Strobel immediately after the accident happened.

The accident was due to the boy's carelessness as he had hand over the muzzle of the pistol while readjusting a cartridge which had stuck. In some unexplainable way the weapon was discharged and the wadding and burned powder entered his hand.

GRANITE FREIGHT FEE

Railroad Officials Hear Their Complaints
But No Definite Answer Was Given
—Montpelier Men Expect at
Least a Reduction.

Montpelier, July 6.—The Montpelier granite dealers met yesterday afternoon certain railroad officials and asked that the charges of twenty cents a ton on rough granite from the quarries be removed, so that they can be on an equal footing with Barre manufacturers. No definite answer was given the petitioners, but the intimation was given out that the charge would be at least cut down, if not removed altogether.

The meeting was held at the office of the Montpelier & Wells River railroad, and there were present officials of the Central Vermont and the M. & W. R. roads. The Montpelier manufacturers presented their grievance, saying that Barre granite men got their rough stock delivered for nothing, the railroads depending upon the freight charges on the finished stock to make up. The freightage is six miles further when the stone is taken to Montpelier, and this fact was taken into consideration.

30-INNING BALL GAME;
ALL RECORDS BROKENTwo Amateur Teams Play for Six Hours
in Cleveland.

Cleveland, July 6.—The ball teams of the Brooklyn A. C. and the East End A. C., two local organizations celebrated the glorious Fourth by playing the greatest number of innings ever recorded in a game, and setting a new world's mark of thirty innings.

Both are amateur organizations, and so evenly matched that it was difficult for either to score. Both teams scored once in the early innings, and the score remained a tie till the first half of the thirtieth inning, when, with two men on bases, the next batter for the Brooklyn's hammered out a home run, clearing the sacks.

As the East Ends failed to score in the last half of the thirtieth the game ended with the score 4 to 1 in favor of the Brooklyn's.

The game was started at 11 o'clock in the morning and took six hours to play. The previous record was twenty-eight innings, made by two schoolboy teams at Boston in June, this year.

ICE STRIKE IS OVER.

Formal Declaration Made Yesterday—
Strikers Were Defeated.

New York, July 6.—The strike of the American Ice company's drivers which had already been hopelessly broken was formally declared off at a meeting of delegates from the drivers' and helpers' unions yesterday. The action followed a final refusal by President Oler to treat with the strikers. Mr. Oler said, however, that he would be glad to take back the men and to hear and adjust any grievances presented by active employees.

PROF. GARFIELD PRESIDENT.

Will Succeed Henry Hopkins as Head of
Williams College.

Williamstown, Mass., July 6.—The trustees of Williams college announced last night that President Henry Hopkins of the institution has tendered his resignation to take effect in June, 1908.

Professor Harry A. Garfield, son of the late President James A. Garfield, at present occupying the chair of politics at Princeton university, has been chosen to succeed President Hopkins. Professor Garfield has accepted.

MONTPELIER.

A large piece of granite on a flat car
at the Montpelier and Wells River station Thursday attracted considerable excitement. The stone was 30x33 feet and was quarried at the Wetmore and Morse quarry in Barre. It was destined for the Kyle & McCormick company in this city.

Mason S. Stone returned this afternoon from Montreal where he attended the 77th annual convention of the American institute of instruction.

Mr. and Mrs. Joseph Laduke celebrated the fifth anniversary of their marriage quietly at their home in Vergennes Thursday afternoon. Four generations were represented and four great grandchildren were present. Mr. Laduke is 71 years old and Mrs. Laduke 67. Both are enjoying fairly good health. Among those from away were their niece, Mrs. T. C. McCarthy, and husband of Albany, N. Y., their grand-daughter, Mrs. Hugh Phelps, and husband and their daughter Elizabeth, of Montpelier. During the afternoon refreshments were served.

GETS SMALL SUM.

He Sued for \$5,000 for Assault on His
Person.

St. Johnsbury, July 6.—The case of Charles E. Kirk vs. Austin I. Morrill was finished in Caledonia county court this week. This is an action of trespass "vi et armis," whereby the plaintiff alleges an assault and battery committed upon him by the defendant January 2. The full findings of the court have not yet been reported, but the plaintiff will recover the sum of \$100 and his costs. The plaintiff sued to recover the sum of \$5,000.

At the conclusion of Wednesday's session the court adjourned until Monday, July 15. This long recess was taken for the reason that many of the attorneys in the cases next for trial are obliged to attend the adjourned term of Essex county court, which reconvenes next week to complete its business, and also to allow District Attorney Alexander Dunnett to be present at a session of the United States court.

The court took a recess for the remainder of this week out of respect to Abner W. Smith, a member of the Caledonia county bar, who died July 2, and whose funeral was held yesterday at East Concord, the home of his parents.

There are cases now standing for trial by the court which will occupy at least a week.

Wednesday afternoon a decree of divorce was granted to Mary J. Bailey of Walden from Enoch A. Bailey of Hardwick on the ground of refusal to support. The petitioner was represented by Eliza May of St. Johnsbury.

PUT POLES ON TRACK,
GOES TO PRISONEdward Champagne of West Rutland
Did Not Seem to Realize The
Enormity of His
Offense.

Rutland, July 6.—Edward Champagne of West street, age 15 years, was sent to the Vermont Industrial school at Vergennes by City Judge Walter K. Farnsworth yesterday afternoon for putting fence poles on the tracks of the Rutland railroad near Center Rutland last Monday afternoon. This is Champagne's second offense of the kind, an obstruction having been placed on the track near the "double roads" crossing by him about 18 months ago, and he has already figured in one or two other scrapes. He was in court recently for stealing junk and later admitted having set fire to the Noyes store on State street.

The place where the fence posts were laid on the track is a little over a mile north of the Center Rutland depot and had the flyer, which passed along soon after the would-be wrecker did his work, struck the obstruction at least part of the train would probably have landed in the river.

Engineer Henry Lavaré saw the posts in time to nearly stop his train but the engine ran into the obstruction and some of the posts went under the cow catcher.

When the train reached Brandon word was sent to this city and Special Agent John W. Brink started immediately for Center Rutland. He suspected that the attempt to wreck the train was the work of boys and he soon found out what boys had been in the vicinity during the afternoon. Suspicion pointed to Champagne and the lad finally confessed to the officer. He did not seem to comprehend the terrible results which might have come from his prank and he said that he put the posts on the tracks to see if the train could knock them off.

OFFICERS ARE
NOT ROUGHEven When the Prisoners
Are Inclined to Fight Them

SO FINDS JUDGE SCOTT

He Decides That Policemen Are En-
titled to Some Protection Under the
Law and Sentences One Scrapper
to Three Months in Jail.

There were four cases in the city court this morning and one last evening as a result of after-the-Fourth celebrations. Frank Forbes of Montpelier, who was arrested yesterday noon, by Chief Faulkner, was arraigned in court last evening and pleaded guilty to a second offense. He was fined \$15 and costs of 65, which he had not succeeded in paying this morning.

For striking and resisting Officer Carle, who had stepped up to him and advised him that his condition was such that he had better be getting off the street, Alex Morrison of Granville was given a sentence of three months in the county jail by the court this morning. In sentencing Morrison the court said that many cases of fighting the officers had come to his notice, and as the officers were very lenient about using their clubs on arrests they were entitled to protection of the court. To make an example of this treatment of the officers, the court said he would make an example of Morrison, whom he had let off a little easier than he would had it not appeared that Morrison had been drinking to the extent that he could not wholly account for his actions.

Morrison was on North Main street when the officer came along. The officer stepped up to him and advised him: "You'd better get along out of this. Go along home."

For a reply Morrison drew off and punched Carle over the left eye, leaving a scar. Then the officer grabbed the puncher and after a struggle got him started toward the jail. Half way there they were met by Special Officer Melver, who joined the procession.

Patrick Trombly of Granville was arrested by Special Officer Melver and he pleaded guilty to a second offense. Trombly was allowed to sign the pledge, as he told the court that he had six young children, whose mother was dead and they were entirely dependent on him for support.

Charles McLaughlin of Barre Town, arrested by Special Officer Dyer, pleaded guilty to a second offense and thought he would be able to pay his fine of \$15 with costs of \$7.25.

John Mahoney of Plattsburg, N. Y., arrested by Special Officer Dyer, pleaded guilty to a first offense and went to jail for 15 days.

CIRCUS PAYS TAX
OF 1,000 TO EXHIBITState Treasury Enriched By That
Amount By the Forepaugh & Sells
Bros' Show When Asked
For It.

Montpelier, July 6.—The state treasury has just been enriched by receiving \$1,000 from the Forepaugh & Sells Bros., circus, as their annual license fee for exhibiting their show in Vermont. State Treasurer Devitt got the check last night. The payment of the tax was somewhat belated, but when the managers were notified they lost no time in writing the check.

The circus was billed to appear in St. Johnsbury July 3, and the state treasurer notified State's Attorney Hill of Caledonia county that the \$1,000 had not been paid. Consequently the state's attorney visited the managers of the circus on their grounds before the opening of the "big show." When the matter was called to their attention the circus men whipped out a check book and wrote the check for the required amount.

The Vermont law provides that a circus may be licensed by selection of a town to exhibit, but must first take out a state license. Penalty for failure to take out the state license before exhibiting lays the circus liable to a fine of not more than \$3,000 and not less than \$1,000.

HATTIE DUNSMOOR STEELE.

Wife of Dr. C. W. Steele Passed Away
This Morning.

After many months of suffering, Mrs. Hattie M. Dunsmoor, wife of Dr. C. W. Steele of North street, passed away this morning at seven o'clock. She was taken ill last December, and on the twentieth of the month was operated upon at the Heaton hospital in Montpelier, for pelvic abscess. The operation was fairly successful and after being in the hospital for three months, during which she showed a little improvement, she was brought back to her home in this city.

Her condition became so serious recently, however, that another operation was imperative. This was done the first of the week, but the four operating physicians found her condition to be such that they gave no encouragement. Her great vitality sustained her during the days of this week, but there was a gradual decline until six o'clock this morning when she lapsed into a state of coma and died an hour later. Up to that time she had been fully conscious.

Mrs. Steele was born in Northfield the daughter of Mr. and Mrs. Willard F. Dunsmoor, 42 years ago. She was married to Dr. Steele in that place, and they would have completed a quarter century of married life had Mrs. Steele lived until next October. They came to Barre twenty years ago. During that time Mrs. Steele made a host of friends who now deeply sympathize with the bereaved husband. A great many friends in Northfield and Montpelier also mourn her loss. Among her near relatives, besides her husband, are a sister, Mrs. E. O. Holmes, and two brothers, Frank of Adams, Mass., and Edwin C. of Northfield. Mrs. Steele was a member of the Eastern Star lodge in this city.

The funeral will be held from the Universalist church Monday morning, at ten o'clock. The body will be taken on the noon train to Northfield, where the burial will be in the village cemetery.

Free-for-All Race at Granite City Trot-
ting Park Yesterday Afternoon the
Best of the Meet—Was Cap-
tured by Elizabeth S.

The second day of the races at the Granite City trotting park yesterday afternoon was all that was expected and the events were fully as interesting as those of the previous day. There was an attendance of fully 2,000 people. Three races were pulled off, including the 2:35 class, trot or pace, the 2:23 class, trot or pace, and the free-for-all.

The 2:35 class, for a purse of \$100, was won by Lady Whitcomb of the Smith Stock Farm of Barre in straight heats. Best time 2:20 1/4. In the 2:23 class Oradell, owned by John Utton & Son of Morrisville won the race in straight heats, the best mile being made in 2:21 1/4.

In the free-for-all there were three starters and the spectators were treated to the horse race of the meet, although the first heat was not fast for the class, Elizabeth S. taking it in 2:23 1/4. The horses were well lunched in the second heat and Elizabeth S. took the heat in 2:16 1/4, which was the fastest mile made over a Vermont track this season, but this record did not stand long for Billy Hurd took the next heat in an even second better time, making the mile in 2:15 1/4, necessitating a fourth heat, which Elizabeth S. took in 2:17 flat, giving her first money.

Charles Taylor, the veteran reinman, drove Billy Hurd an exhibition half in 1:10 1/4, clipping a second and a half off his performance of Thursday. It is an authentic fact that Mr. Taylor is 101 years of age and he has papers from the town clerk of the town in Canada in which he was born proving this to be a fact.

The management announced that there would be no meet on July 13 as was announced Thursday, but that a two days' meet will be held August 9 and 10.

The results of the races yesterday:

2:35 Class, Trot or Pace, Purse \$100.
Lady Whitcomb, Smith Stock Farm, Barre 1 1

Fabola, John W. Porter, Middlebury 3 3 2 3
Time—2:23 1/4, 2:16 1/4, 2:15 1/4, 2:17.

During the two days a total of 38 horses were started in the seven races, which made a good field. The horsemen were well satisfied with the manner of their treatment while here, and will come back for the meet to be held in August. It is probable that the list of entries will be even larger next time.

Senator Whitney Opened at Albany, N.
Y., The Fourth.

Concord, N. H., July 6.—New Hampshire horses made their first start on the Fourth of July. Senator Whitney opened at Albany, N. Y., and Walter Cox at Combination park. These two racing stables, with that of Gatoomb & Theobald, will make up the New Hampshire representation on the grand circuit this year, save for Tom March's M. & C. candidate. The international circuit, comprising tracks in Canada and Vermont, will get a lot of New Hampshire horses this year and some will go down in Maine, possibly to the Provinces. A couple of thousand dollars will be hung up in small bits about this state on the Fourth, and trainers who like to play them close will keep expenses down by staying near home until the fair circuit starts. Manager Hiner of the Dover track says he is still hopeful of holding regular meetings there and at Rochester and Nashua, but no one up this way can see how he expects to do it.

Will Not Ignore Law.

Montpelier, July 6.—The officials of the Central Vermont Railway company have notified State's Attorney Benjamin Gates that it is not the intention of that road to ignore or violate the weekly payment law, and that as soon as arrangements can be made all of the employees in Vermont will receive their pay weekly. The employees named in the notice recently sent to officials of the company by State's Attorney Gates have been paid to date, which would free the railroad from liability of fines for non-compliance with the law.
